

## October Family Project

Our 2<sup>nd</sup> family project is sure to be a blast! Kindergarteners love to read and this project lets them tell us all about their favorite book! We are sending a foam pumpkin home with each student and asking them to turn it into their favorite literary character. Be as creative as you can! Use any craft materials that you would like to transform your pumpkin. This is a contest! Each class will have 3 overall winners for most creative! Try to make your pumpkin the best it can be! We will have a class of students judge the pumpkins so please be sure that your child's name is not visible on the pumpkin. Names should be written on the bottom of the pumpkin. For the writing portion of the project, students are to write 3 sentences in their **Homework Journal**. One sentence should tell the title of their favorite book. The second sentence should tell the name of the character they chose. The third sentence should tell why they chose that book or character and why it is their favorite. Along with spelling words, this is the homework for the week. This project is due on Friday, October 27, 2017. Happy decorating!

### Spelling Words

seven, eight, have, are, be, did, all

### Practice Words

autumn, read
